

# Vacation Promise

It's a vacation time but the Earth still needs help. What can kids do to help the Earth. Check out the links below to get ideas, discuss them with your students. then ask your them to choose some Earth-saving activities they would like to do. They can make up their own too. Next click on the [Vacation Promise link](#), print it out and give one to each student. Ask the kids to fill out their promise to the Earth and place them on your classroom bulletin board. Finally, hand them back to your students just before school lets out.

Order and read Exciting Earth Adventures
