

Be a KSE Reporter

Through the Kids for Saving Earth
News Reporter Program

Receive an Official KSE News Reporter Button and Defender of the Planet Award

Each time you share Earth-saving messages to you community, it helps people learn about what they can do to protect the Earth. Send stories to newspapers, local and national, and even to your school newspaper. Also, send stories to magazines, radio stations, TV stations, and more! Ask them to interview you or use your information in a report. Send us a copy of the article so we can put it on our [Defenders Link](#). It also helps to spread the message about Kids for Saving Earth in all your school news reports. It's a great way for kids and adults to learn where to get environmental information.

When you send us your reports, articals or videos, we will send you a Defender of the Planet Award and a KSE News Reporter button.

Click here for a ["News Flash"](#) page that you can print out and write your story. Then send your stories to the media outlets of your choice. Don't forget to let KSE know what you did. We'll put it on the KSE web site!!

Either [email your stories to KSE](#).
or mail your story and/or video to:

Kids for Saving Earth
