

# Magic Monarch Spinners

(make sure to ask for help from mom or your teacher)

1. Print out this page and make a copy for each Kid.
2. Have the Kids glue them on each side of a disk cut from a cereal box.

**(Note: glue upside-down. For example, if the caterpillar's head is on top on one side, the butterfly should be upside down on the other.)**

3. Punch holes with a hole punch as shown.
4. Insert rubber band then loop to tie.
5. Twirl by rolling the rubber bands between your thumb and fingers. Magic!
