

Hello from a Kids for Saving Earth Member,

While visiting your business _____

I stopped in the bathroom and noticed that your faucet toilet was leaking.

I'm a member of Kids for Saving Earth. We like to notify the people in charge of your business when we see water wasted. I have also notified Kids for Saving Earth to put this information on its Water Waster website section. This won't happen immediately. The sooner you correct the problem, the sooner you will help the Earth. Also you won't have your company name on the "Water Waster" link.

Please let us know at Kids for Saving Earth when you have corrected this problem. Email kse@kidsforsavingearth.org. They will notify me.

Thanks for helping kids help the Earth,

Member signature.
