

Beginning April 20
(or sooner )
Beautiful

Earth 

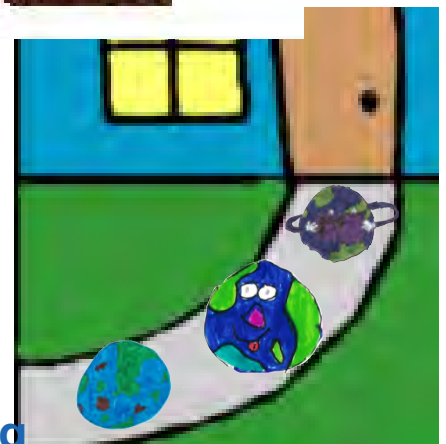

Assignment Make a beautiful Earth and put it in your front window sidewalk or yard so **EVERYONE** can see it?

Here are some ideas for how you can make an Earth for Earth Week!

1. You can **draw** an Earth with marker pens.
2. You can **paint** one with water colors or acrylics.
3. You can find an **old magazine**, tear or cut out piece of your choice of colors and make a collage of Earth.

4. **#Chalk the Walk**
If you have chalk you can draw beautiful Earths all over your sidewalk or driveway!

Email photos of your art to kse@kidsforsavingearth.org
