

More than 90% of North American Monarchs  
have disappeared in the last 20 years.

A KSE Education Into Action Program

# Plant a Garden for Monarch Butterflies...

..then color in the empty butterflies as they visit your Monarch Garden or yard. When you see more, color them in and keep adding monarchs to your poster. The more the better. Keep it handy on your fridge and **Count your Monarchs!** Email KSE your filled in form to place on our Website.
