## Eco Activities Day

Turn in your old paint and oil.

Old paint and oil can be hazardous to your health and to the health of the planet. Work with parents or other adults to find old paint cans and used oil in your home storage.

1. Google Hazardous Waste Collection (include your city and state) to find a location to drop it off.
2. Take it to the collection center.
3. Report to your teacher how many cans you took to the center.
